

NAPANEE COMMUNITY KITTEN RESCUE (NCKR)  
613-770-4357  
CHARITABLE NUMBER BN: 82911 3638 RR0001

NAME OF KITTEN/CAT:

## FOSTER APPLICATION

**Thank you for being interested in Fostering. Fostering is one of the most important and valuable parts of kitten rescue; a chance for kittens/cats to be restored to health, grow up healthy, social, and, most importantly, knowing they are loved and cherished.**

Fostering is a temporary commitment, but due to illness or lack of space with adoption partners, there may be no way to commit to an end date from the start. Fostering is, on average, 2 to 14 weeks. Or you may sign up as an emergency foster home – typically just a few days while we find a more permanent space for the kittens/cats. Fostering to Adopt will become a permanent placement.

**Type of fostering you are interested in: Please ask us for more details before deciding on your choices.**

\_\_\_ Bottle babies: kittens that are often days/hours old and require bottle/syringe feeding etc. This is very Intensive for the first 3 weeks

\_\_\_ Weaned babies: kittens already on solid food, needing socializing

\_\_\_ Socializing: this can apply to any age of kitten or cat and can require much patience

**Name:** \_\_\_\_\_
